

VOTE **YES** on SB 1358

Sen. Adam Pugh & Rep. Anthony Moore

**In-demand jobs. Targeted training.
Rewarding results.**

Regardless of industry, one of the most significant challenges for businesses in Oklahoma is finding a skilled workforce and filling in-demand jobs.

Oklahoma's future workforce is being educated today. We have the opportunity to help align the training of our workforce to the needs of Oklahoma's economy through our post-secondary education systems.

By creating the Workforce Development Revolving Fund, **SB 1358** can help address the gap between our workforce training and the needs of our growing economy.

The Oklahoma Workforce Commission will seek out post-secondary training programs that are providing the training Oklahoma's workforce needs and use monies from the fund to "bonus" those programs that are succeeding in meeting those needs.

SB 1358 sets the stage to invest in our workforce and incentivize the training required to meet Oklahoma's needs.

YES on SB 1358
