

SB 95

by Sen. Ally Seifried

WORK-BASED LEARNING

Oklahoma students need more opportunities to explore and learn about a future career pathway. By eliminating barriers and uncertainty in law, employers can build up opportunities for students to have first-hand work-based learning experiences, like an internship.

-  SB 95 clarifies in law who is covered by an employer's workers' compensation plan.
-  Students in paid positions are covered, just like an employee.
-  Students in unpaid internships or work-based learning programs are not required to be covered by the employer's workers' compensation plan.
-  **BUT!** Employers are responsible and liable for the students safety while working.

VOTE **YES** ON SB 95
