

YES ON SB 1530

Strengthening research & development opportunities in Oklahoma.

WHAT SB 1530 DOES

- Confirms that claimed R&D expenses occurred in Oklahoma
- Rewards partnerships between higher education & the private sector by increasing the rebate available.
- Updates definitions on research expenditure to ensure the rebate funds true innovation and research, not just standard operations.

WHY IT MATTERS

- R&D drives innovation and high-wage jobs
- State investments in research & development have a bigger ROI
- Strong oversight builds confidence in Oklahoma's R&D Rebate program

BUILT FOR RESULTS

- Maintains the existing R&D rebate structure with improvements
- Improves accuracy and consistency in administration
- Protects taxpayer investments without discouraging innovation

DRIVE INNOVATION. GROW THE ECONOMY.
